Announces quarterly cash dividend of \$0.185 per common share

Raleigh, NC, November 6, 2024 – Enact Holdings, Inc. (Nasdaq: ACT) today announced financial results for the third quarter of 2024.

"Our strong third-quarter performance underscores the continued successful execution of our strategy," stated Rohit Gupta, President and CEO of Enact. "Driven by our effective go-to-market strategy, our insurance-in-force reached a new peak during the quarter, while our careful risk and expense management initiatives continued to produce strong bottom-line performance, fueling our ability to deliver for our policyholders, invest in our business, and return capital to our shareholders. Looking to the remainder of the year and beyond, we believe we are well positioned to continue driving value for all stakeholders. The long-term drivers of demand remain intact, and we will continue to play an essential role in helping people responsibly achieve and maintain their homeownership goals."

Third Quarter 2024 Financial and Operating Highlights

- Net income was \$181 million, or \$1.15 per diluted share, compared with \$184 million, or \$1.16 per diluted share, for the second quarter of 2024 and \$164 million, or \$1.02 per diluted share, for the third quarter of 2023. Adjusted operating income was \$182 million, or \$1.16 per diluted share, compared with \$201 million, or \$1.27 per diluted share, for the second quarter of 2024 and \$164 million, or \$1.02 per diluted share, for the third quarter of 2023.
- New insurance written (NIW) was approximately \$14 billion, flat from the second quarter of 2024 and down 6% from the third quarter of 2023 on estimated lower market share. NIW for the current quarter was comprised of 95% monthly premium policies and 96% purchase originations.
- Primary insurance in-force was a record \$268 billion, up from \$266 billion in the second quarter of 2024 and up 2% from \$262 billion in the third quarter of 2023.
- Persistency was 83%, flat from 83% in the second quarter of 2024 and modestly down from 84% in the third quarter of 2023. Approximately 8% of our IIF had rates at least 50 basis points above the prevailing market rate on October 31, 2024.
- Net premiums earned were \$249 million, up 2% from \$245 million in the second quarter of 2024 and up 2% from \$243 million in the third quarter of 2023. Net premiums increased sequentially and year over year driven by insurance in-force growth and our growth in premiums from our expansion into attractive adjacencies primarily consisting of Enact Re's GSE CRT participation, partially offset by higher ceded premiums.
- Losses incurred for the third quarter of 2024 were \$12 million and the loss ratio was 5%, compared to \$(17) million and (7)%, respectively, in the second quarter of 2024 and \$18 million and 7%, respectively, in the third quarter of 2023. The sequential increase in losses and the loss ratio were primarily driven by seasonally higher new delinquencies and a lower reserve release of \$65 million from favorable cure performance and loss mitigation activities in the current quarter. The \$65 million reserve release compares to a reserve release of \$77 million and \$55 million in the second quarter of 2024 and third quarter of 2023, respectively. The decrease year-over-year was primarily driven by the higher reserve release in the current quarter.
- Operating expenses in the current quarter were \$56 million and the expense ratio was 22%. This compared to \$56 million and 23%, respectively, in the second quarter of 2024 and \$55 million and 23%, respectively in the third quarter of 2023. The third quarter and second quarter of 2024 reflect expense actions taken that resulted in nonrecurring expenses of \$1 million and \$3 million, respectively. When adjusted for these one-time charges, expenses modestly increased sequentially primarily driven by variable incentive compensation.
- Net investment income was \$61 million, up from \$60 million in the second quarter of 2024 and \$55 million in the third quarter of 2023, driven by the continuation of elevated interest rates and higher average invested assets.
- Net investment loss in the quarter was \$(1) million, as compared to \$(8) million sequentially and \$(0) million in the same period last year.
- Annualized return on equity for the third quarter of 2024 was 14.7% and annualized adjusted operating return on equity was 14.8%. This compares to second quarter 2024 results of 15.4% and 16.9%, respectively, and to third quarter 2023 results of 14.9% and 14.9%, respectively.

Capital and Liquidity

- As previously announced, we paid a \$29 million, or \$0.185 per share, dividend in the current quarter.
- Enact Holdings, Inc. held \$151 million of cash and cash equivalents plus \$292 million of invested assets as of September 30, 2024. Combined cash and invested assets decreased \$83 million from the prior quarter, primarily due to share buybacks and our quarterly dividend.
- PMIERS sufficiency was 173% and \$2.2 billion above the PMIERS requirements, compared to 169% and \$2.1 billion above the PMIERS requirements in the second quarter of 2024.
- S&P Global Ratings has assigned an A- rating to Enact Re, Ltd. (Enact Re), a subsidiary of Enact Mortgage Insurance Company (EMICO). The outlook for the ratings is stable.

Recent Events

- We repurchased approximately 2.1 million shares at an average price of \$34.04 for a total of approximately \$71 million in the quarter. Additionally, through October 31, 2024, we repurchased 0.8 million shares at an average price of \$35.89 for a total of \$30 million and there remains approximately \$137 million of our \$250 million repurchase authorization.
- We announced today that the Board of Directors declared a quarterly dividend of \$0.185 per common share, payable on December 5, 2024, to shareholders of record on November 18, 2024.
- We anticipate full year capital return at the higher end of our previously announced range of between \$300 and \$350 million, the final amount and form of capital returned to shareholders will ultimately depend on business performance, market conditions, and regulatory approvals.

Enact is headquartered in Raleigh, North Carolina.

Safe Harbor Statement

This communication contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements may address, among other things, our expected financial and operational results, the related assumptions underlying our expected results, guidance

concerning the future return of capital and the quotations of management. These forward-looking statements are distinguished by use of words such as “will,” “may,” “would,” “anticipate,” “expect,” “believe,” “designed,” “plan,” “predict,” “project,” “target,” “could,” “should,” or “intend,” the negative of these terms, and similar references to future periods. These views involve risks and uncertainties that are difficult to predict and, accordingly, our actual results may differ materially from the results discussed in our forward-looking statements. Our forward-looking statements contained herein speak only as of the date of this press release. Factors or events that we cannot predict, including risks related to an economic downturn or a recession in the United States and in other countries around the world; changes in political, business, regulatory, and economic conditions; changes in or to Fannie Mae and Freddie Mac (the “GSEs”), whether through Federal legislation, restructurings or a shift in business practices; failure to continue to meet the mortgage insurer eligibility requirements of the GSEs; competition for customers; lenders or investors seeking alternatives to private mortgage insurance; an increase in the number of loans insured through Federal government mortgage insurance programs, including those offered by the Federal Housing Administration; and other factors described in the risk factors contained in our 2023 Annual Report on Form 10-K and other filings with the SEC, may cause our actual results to differ from those expressed in forward-looking statements. Although Enact believes the expectations reflected in such forward-looking statements are based on reasonable assumptions, Enact can give no assurance that its expectations will be achieved and it undertakes no obligation to update publicly any forward-looking statements as a result of new information, future events, or otherwise, except as required by applicable law.

GAAP/Non-GAAP Disclosure Discussion

This communication includes the non-GAAP financial measures entitled “adjusted operating income (loss)”, “adjusted operating income (loss) per share,” and “adjusted operating return on equity.” Adjusted operating income (loss) per share is derived from adjusted operating income (loss). The chief operating decision maker evaluates performance and allocates resources on the basis of adjusted operating income (loss). Enact Holdings, Inc. (the “Company”) defines adjusted operating income (loss) as net income (loss) excluding the after-tax effects of net investment gains (losses), restructuring costs and infrequent or unusual non-operating items, and gain (loss) on the extinguishment of debt. The Company excludes net investment gains (losses), gains (losses) on the extinguishment of debt and infrequent or unusual non-operating items because the Company does not consider them to be related to the operating performance of the Company and other activities. The recognition of realized investment gains or losses can vary significantly across periods as the activity is highly discretionary based on the timing of individual securities sales due to such factors as market opportunities or exposure management. Trends in the profitability of our fundamental operating activities can be more clearly identified without the fluctuations of these realized gains and losses. We do not view them to be indicative of our fundamental operating activities. Therefore, these items are excluded from our calculation of adjusted operating income. In addition, adjusted operating income (loss) per share is derived from adjusted operating income (loss) divided by shares outstanding. Adjusted operating return on equity is calculated as annualized adjusted operating income for the period indicated divided by the average of current period and prior periods’ ending total stockholders’ equity.

While some of these items may be significant components of net income (loss) in accordance with U.S. GAAP, the Company believes that adjusted operating income (loss) and measures that are derived from or incorporate adjusted operating income (loss), including adjusted operating income (loss) per share on a basic and diluted basis and adjusted operating return on equity, are appropriate measures that are useful to investors because they identify the income (loss) attributable to the ongoing operations of the business. Management also uses adjusted operating income (loss) as a basis for determining awards and compensation for senior management and to evaluate performance on a basis comparable to that used by analysts. Adjusted operating income (loss) and adjusted operating income (loss) per share on a basic and diluted basis are not substitutes for net income (loss) available to Enact Holdings, Inc.’s common stockholders or net income (loss) available to Enact Holdings, Inc.’s common stockholders per share on a basic and diluted basis determined in accordance with U.S. GAAP. In addition, the Company’s definition of adjusted operating income (loss) may differ from the definitions used by other companies.

Adjustments to reconcile net income (loss) available to Enact Holdings, Inc.'s common stockholders to adjusted operating income (loss) assume a 21% tax rate.

The tables at the end of this press release provide a reconciliation of net income (loss) to adjusted operating income (loss) and U.S. GAAP return on equity to adjusted operating return on equity for the three months ended September 30, 2024 and 2023, as well as for the three months ended June 30, 2024.

(1) Direct primary case excludes loss adjustment expenses (LAE), pool, incurred but not reported (IBNR) and reinsurance reserves.
 (2) Provides additional breakdown of incurred losses, which includes the impact of new delinquencies within each quarterly period reported. We believe providing loss information in this manner allows transparency and consistency for investors to understand performance.
 (3) Defaulted loans with most recent delinquency notice in the quarter indicated.
 (4) Development of current quarter delinquencies within the current quarter. This includes reserve impact from current period delinquencies that cure in the period and reserve development from the date of delinquency to quarter end.
 (5) Direct primary case reserves divided by primary delinquency count.
 (6) Average direct primary paid claim is calculated by dividing paid claims on direct primary case reserves by the number of paid claims for the quarter. Average paid claims in the third quarter of 2024, second quarter of 2024, first quarter of 2024, and fourth quarter of 2023 include payments in relation to agreements on non-performing loans. Prior periods have been reclassified to conform to current period presentation.

(1) Direct primary case reserves exclude pool, loss adjustment expenses, incurred but not reported and reinsurance reserves.
 (2) Calculated as the sum of the number of policies where claims were ever paid to date and number of policies for loans currently in default divided by policies ever in-force.
 (3) Jurisdiction predominantly uses a judicial foreclosure process, which generally increases the amount of time it takes for a foreclosure to be completed.
 (4) Includes the District of Columbia.

⁽¹⁾ Excess of loss (XOL) and quota share (QSR) transactions are with panels of U.S. and global reinsurers.
⁽²⁾ The initial reinsurance amount for insurance linked notes and excess of loss reinsurance reflects the total loss coverage. Ceded RIF reflects the RIF associated with quota share reinsurance which is subject to annual and life loss ratio limits.
⁽³⁾ Attachment % and detachment % are the aggregate loss amounts as a percentage of risk in force at which the reinsurer begins and stops paying claims under the policy.
⁽⁴⁾ The total primary risk in force is \$69.6B and the total current risk in force covered by a CRT is \$54.7B.
⁽⁵⁾ Current PMERs required asset credit considers the counterparty credit haircut.
⁽⁶⁾ Incurred losses ever to date shown does not include IBNR or loss adjustment expenses.
 Definitions: CRT = Credit Risk Transfer; RIF = Risk In Force; XOL = Excess Of Loss; ILN = Insurance Linked Note; QSR = Quota Share

⁽¹⁾ Reflects estimated combined statutory capital position of our insurance subsidiaries. Beginning in 1Q24, combined results are limited to mortgage insurance subsidiaries.

⁽²⁾ Adjusted RIF for purposes of calculating statutory RTC differs from RIF presented elsewhere in this financial supplement. In accordance with North Carolina Department of Insurance requirements, adjusted RIF excludes delinquent policies.

⁽³⁾ Estimated statutory capital of Enact Mortgage Insurance Corporation (EMICO), the company's primary U.S. mortgage insurance subsidiary.

⁽⁴⁾ The PMIERs sufficiency ratio is calculated as available assets divided by required assets as defined within PMIERs. The current period PMIERs sufficiency ratio is an estimate due to the timing of the PMIERs filing.
