NOTES TO FINANCIAL STATEMENTS

Note 1. - Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The accompanying financial statements of Enact Mortgage Insurance Corporation of North Carolina (the "Company") have been prepared on the basis of accounting practices prescribed by the North Carolina Department of Insurance ("NCDOI"). The state of North Carolina requires insurance companies domiciled in the state of North Carolina to prepare their statutory financial statements in accordance with the National Association of Insurance Commissioners' ("NAIC") Accounting Practices and Procedures Manual subject to any deviations prescribed or permitted by the NCDOI.

B. No significant change.

C. Accounting Policies

Loan-backed bonds and structured securities ("LBaSS") other than non-agency residential mortgage-backed securities are stated at amortized cost using the modified scientific method, except where NAIC designation has fallen to 3 or below and the fair value has fallen below amortized cost, in which case they are stated at fair value. Amortization of LBaSS is based on prepayment assumptions that are updated at least annually. Significant changes of estimated cash flows from original purchase assumptions are accounted for using the retrospective adjustment method for all such securities, except for securities for which the Company recorded other-than-temporary impairment charges. In such instances, the prospective method is used.

D. Going Concern

Based upon its evaluation of relevant conditions and events, management does not have substantial doubt about the Company's ability to continue as a going concern.

C. Other Disclosures

During the second quarter of 2022, the United States and global economies experienced continued headwinds due to geopolitical uncertainty that increased global shortfalls in supplies of energy, food and raw materials. Inflationary pressures continued to rise in the second quarter of 2022 with the Bureau of Labor Statistics reporting in June that the Consumer Price Index increased to 9.1% year-over-year. As a result, the Federal Reserve has taken a more aggressive approach towards addressing inflation through interest rate increases and a reduction of its balance sheet and approved interest rate increases of 0.75% in both July and June 2022, following increases of 0.50% in May 2022 and 0.25% in the first quarter of 2022. Financial markets have reacted with increased volatility and rates have increased across the Treasury yield curve

The unemployment rate was flat at 3.6% in June 2022 compared to March 2022, following a steady decline from its peak of 14.8% in April 2020, bringing unemployment relatively in line with the pre-COVID-19 level of 3.5% in February 2020. In the second quarter of 2022, the number of unemployed Americans stands at approximately 5.9 million, which is 0.2 million higher than in February 2020. Despite continued economic recovery, the full impact of COVID-19 and its ancillary economic effects on the Company's business results are difficult to predict. Given the maximum length of forbearance plans, the resolution of a delinquency in a plan may not be known for several quarters. The Company continues to monitor regulatory and government actions and the resolution of forbearance delinquencies. While the associated risks have moderated and delinquencies have declined, it is possible that COVID-19 could have a significantly adverse impact on the Company's future results of operations and financial condition.

The Company changed its name to Enact Mortgage Insurance Corporation of North Carolina effective February 7, 2022.

Note 25. - Changes in Incurred Losses and Loss Adjustment Expenses

Reserves as of December 31, 2021, were \$56,378. For the six months ended June 30, 2022, \$3 was paid for incurred loss and loss adjustment expenses attributable to insured events of prior years. Reserves remaining for prior years are now \$64,832 as a result of re-estimation of unpaid loss and loss adjustment expenses. Therefore, there was a \$8,457 unfavorable prior year development from December 31, 2021, to June 30, 2022. The change is generally the result of ongoing analysis of recent loss development trends. Original estimates are increased or decreased as additional information becomes known regarding individual claims.
