Note 1. - Summary of Significant Accounting Policies

Accounting Practices

The accompanying financial statements of Genworth Mortgage Insurance Corporation of North Carolina (the "Company") have been prepared on the basis of accounting practices prescribed by the North Carolina Department of Insurance ("NCDOI"). The state of North Carolina requires insurance companies domiciled in the state of North Carolina to prepare their statutory financial statements in accordance with the National Association of Insurance Commissioners' ("NAIC") Accounting Practices and Procedures Manual subject to any deviations prescribed or permitted by the NCDOL

Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

Accounting Policies

Premiums are earned over the terms of the related policies and reinsurance contracts. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for direct business and are based on reports received from ceding companies for reinsurance assumed. Expenses incurred in connection with acquiring new insurance business, including such acquisition costs as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable.

In addition, the Company uses the following accounting policies:

- Short-term investments are stated at amortized cost, which approximates fair value.
- Investment grade bonds not backed by other loans are stated at amortized cost using the modified scientific 30/360 method. Non-investment grade bonds are stated at the 2. lower of amortized cost or fair value.
- 3. Common stocks, other than investments in the common stock of a subsidiary or affiliate, are stated at fair value.
- 4 Preferred Stocks - Not applicable
- Mortgage Loans Not applicable.
- Loan-backed bonds and structured securities ("LBaSS") other than non-agency residential mortgage-backed securities are stated at amortized cost using the modified 6 scientific method, except where NAIC designation has fallen to 3 or below and the fair value has fallen below amortized cost, in which case they are stated at fair value. Amortization of LBaSS is based on prepayment assumptions that are updated at least annually. Significant changes of estimated cash flows from original purchase assumptions are accounted for using the retrospective adjustment method for all such securities, except for securities for which the Company recorded other-thantemporary impairment charges. In such instances, the prospective method is used.
- 7. Investments in subsidiaries or affiliated companies - Not applicable.
- 8. Investments in joint ventures, partnership, or limited liability companies - Not applicable.
- 9 Derivative financial instruments - Not applicable.
- The Company does not anticipate investment income as a factor in premium deficiency calculations. 10.
- Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for 11. loss incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability are continually reviewed and any adjustments are reflected in the period determined.
- 12. Capitalization policy - Not applicable
- 13 Pharmaceutical rebate receivables - Not applicable.

4. Impact of Tax Planning Strategies was as follows as of December 31, 2020 and 2019:

The Company did not use tax planning strategies in the computation of either the adjusted gross deferred tax assets or the net admitted gross deferred tax assets during the years ended December 31, 2020 and 2019.

В

Unrecognized Deferred Tax Liabilities
The Company did not have any unrecognized deferred tax liabilities during the years ended December 31, 2020 and 2019.

Current income tax and change in deferred tax:

4.	Net deferred tax assets (liabilities) (2i-3c)	\$ (408,071)	\$ (545,460)	\$ 137,389

Based on an analysis of the Company's tax position, management concluded it is more likely than not that the result of future operations will generate sufficient taxable income to enable the Company to realize all of its deferred tax assets. Accordingly, no valuation allowance for deferred tax assets has been established as of December 31, 2020. The valuation allowance that offset the capital loss carryforward as of December 31, 2019, was released as of December 31, 2020, due to the utilization of the capital loss carryforward in 2020.

The change in net deferred income taxes is comprised of the following (this analysis is exclusive of nonadmitted assets, as the change in nonadmitted assets is reported separately from the change in net deferred income taxes in the Statutory Statements of Admitted Assets, Liabilities and Capital and Surplus):

	2020		2020 2019		Change

D. Reconciliation of Federal Income Tax Rate to Actual Effective Tax Rate

The provision for federal and foreign income taxes incurred is different from that which would be obtained by applying the statutory Federal income tax rate to income before income taxes. The significant items causing this difference are as follows for the years ended December 31, 2020 and 2019:

		2020	2019
Provision computed at 35% statutory tax rate	\$	277,858	\$ 4,067,849

- E. Operating loss and tax credit carryforwards, recoverable taxes, and protective tax deposits
 - 1a. As of December 31, 2020, the Company has no operating loss carryforwards.
 - 1b. As of December 31, 2020, the Company has no tax credit carryforwards.
 - 2. There were no income taxes incurred in the current or prior years that will be available for recoupment in the event of future net losses.
 - The Company has no protective tax deposits with the Internal Revenue Service ("IRS") under Section 6603 of the Internal Revenue Service Code
- F. Consolidated Federal Income Tax Return
 - The Company is an affiliated member of a consolidated Life/Non-Life U.S. Federal income tax return with its ultimate parent company, Genworth Financial, Inc. ("Genworth").
 Below is a complete listing of the companies included in the consolidated federal income tax return for 2020:

¹Rivermont was dissolved effective March 12, 2020.

²RLIC IX was dissolved effective April 9, 2020.

2. The Company is a part of the overall Tax Allocation Agreement ("TAA") between Genworth and certain of its subsidiaries. The TAA was approved by state insurance regulators and the Company's Board of Directors. The tax allocation methodology is based on the separate return liabilities with offsets for losses and credits utilized to reduce the current consolidated tax liability as allowed by applicable law and regulation. The Company's policy is to settle intercompany tax balances quarterly, with a final settlement after filing of Genworth's Federal consolidated U.S. corporation income tax return.

Consistent with the parties' intent, read in conjunction with the third amendment to the TAA, which prevents any allocation of tax to a separate company that is greater than the tax incurred on a separate company basis, subject to consolidated loss carry-forward adjustments, the total tax refund allocated to the Company and certain U.S. mortgage affiliates (collectively the "MI Group") may exceed the consolidated tax refund received.

3. Effective January 1, 2010, the MI Group, including the Company, entered into a supplemental tax allocation agreement (the "MI Group Agreement"). Genworth Mortgage Insurance Corporation ("GMIC"), Genworth Mortgage Reinsurance Corporation, Genworth Mortgage Insurance Corporation of North Carolina, Genworth Financial Assurance Corporation collectively make up the "MI Group". This agreement provides that for purposes of allocating tax liability or tax benefit under the TAA, the members of the MI Group will be treated as a single participating company. The tax allocated to the MI Group will be allocated among the individual companies based on the separate company tax liabilities or benefits. The MI Group Agreement also provides that the Company will receive and be required to make payments on behalf of the MI Group companies to Genworth.

Also effective January 1, 2010, the TAA was amended to provide that:

- For all purposes of the TAA the MI Group will be treated as a single participating company in its relationship to the other companies included in the TAA.
- All payments of the consolidated tax liability or benefit allocated to the members of the MI Group are to be paid to or from the Company as the case may be. The Company subsequently settles with other members of the MI Group.
- As a single participating company, the MI Group will compute taxable income and tax as if it filed a single separate return and at all times be permitted to use net operating loss carry forwards, foreign tax credit carry forwards and other tax attributes available to the MI Group members even if such losses are not actually used in a consolidated return ("deemed used losses").
- If any deemed used losses are subsequently actually used in a consolidated return, the members of the MI Group which receive the benefit for such deemed used losses will not receive a second benefit for such losses. Also, if any member of the MI Group receives benefit for any deemed used losses and leaves the consolidated group before such deemed used losses are actually used in a consolidated return, such member will repay such benefit received.
- For tax years prior to 2011, the Company filed, and was included in, the consolidated U.S. Federal income tax returns and various state and local tax returns. For tax years beginning in 2011, the Company was included in the life/non-life consolidated return filed by Genworth, and also filed various state and local tax returns. With possible exceptions (including the possibility that the IRS may examine tax years that impact Net Operating Loss Deduction carryforwards but are otherwise closed), the Company is no longer subject to U.S. Federal tax examinations for years through 2016. Any exposure with respect to these pre-2017 years has been sufficiently recorded in the financial statements. Potential state and local examinations for those years are generally restricted to results that are based on closed U.S. Federal examinations.

As of December 31, 2020 and 2019, the Company had no unrecognized tax benefits. Accordingly, there would be no effective tax rate impact from recognition of previously unrecognized tax benefits, and no accrued interest or penalties

In the case of a mortgage guaranty insurer, deferred tax assets on temporary differences related to its statutory contingency reserve are not recognized to the extent that tax and loss bonds have been purchased. The Company has not purchased any tax and loss bonds, and has no plans to acquire such bonds for the current or prior tax years.

C., D., E. and F. Dividends and Restrictions

The Company is required to maintain minimum capital on a statutory basis. Additionally, all proposed dividends or distributions, regardless of amount and source, are subject to review and potential disapproval by the N.C. Commissioner of Insurance (the "Commissioner"). Within that general regulatory right of review process, there are three (3) minor procedural variances depending on (i) the amount of the dividend or distribution as well as (ii) the source thereof. As regards amount, dividends and distributions may be classified as either "ordinary" or "extraordinary". (1) The review standard for an "ordinary" dividend or distribution is that notice must be given to the Commissioner 30 days in advance of the proposed payment date, during which period the Commissioner may disapprove the proposed dividend or distribution. An "extraordinary dividend or distribution" is defined by statute as one, which combined with all others made in the preceding 12 months, exceeds the greater of (i) 10 percent of the insurer's surplus as regards policyholders as of the preceding December 31, or (ii) net income, excluding realized capital gains, for the 12-month period ending the preceding December 31. (2) The review standard for an "extraordinary" dividend or distribution is effectively the same as that for an "ordinary" dividend or distribution that the insurer must give 30 days' notice and the Commissioner has not disapproved the proposal in that 30-day period. For both "ordinary" and "extraordinary" dividends or distribution from any source other than unassigned surplus, regardless of the amount, requires prior written approval of the Commissioner. In each of the three (3) instances, approval or non-disapproval of any dividend or distribution is based upon the reasonableness of the insurer's surplus in relation to its outstanding liabilities and the adequacy of its surplus relative to its financial needs. The Company's ability to pay dividends is also restricted by other state surplus requirements that must be considered. Divi

On October 21, 2016, Genworth entered into an agreement and plan of merger (the "Merger Agreement") with Asia Pacific Global Capital Co., Ltd. ("Parent"), a limited liability company incorporated in the People's Republic of China and a subsidiary of China Oceanwide Holdings Group Co., Ltd., a limited liability company incorporated in the People's Republic of China (together with its affiliates, "China Oceanwide"), and Asia Pacific Global Capital USA Corporation ("Merger Sub"), a Delaware corporation and a direct, whollyowned subsidiary of Asia Pacific Insurance USA Holdings LLC ("Asia Pacific Insurance"), which is a Delaware limited liability company and owned by China Oceanwide, pursuant to which, subject to the terms and conditions set forth therein, Merger Sub would merge with and into Genworth with Genworth surviving the merger as a direct, wholly-owned subsidiary of Asia Pacific Insurance (the "Merger"). China Oceanwide has agreed to acquire all of Genworth's outstanding common stock for a total transaction value of approximately \$2.7 billion, or \$5.43 per share in cash. At a special meeting held on March 7, 2017, Genworth's stockholders voted on and approved a proposal to adopt the Merger

On January 4, 2021, Genworth and China Oceanwide announced that an extension of the then current December 31, 2020, Merger Agreement end date would not be sought given uncertainty around the completion and timing of the remaining steps required to close the transaction. The Merger Agreement between Genworth and China Oceanwide remains in effect, although either party is able to terminate the Merger Agreement at any time. The China Oceanwide transaction previously received all U.S. regulatory approvals needed to close the transaction. If China Oceanwide is able to secure the required funding to close the transaction, the parties would need to re-engage with their regulators to determine the re-approvals or confirmations that would be necessary to close the transaction.

The United States economy and consumer confidence improved in most of the second half of 2020 compared to the first half of 2020 as state economies reopened; however, certain geographies and industries have experienced slower recoveries because of the coronavirus pandemic ("COVID-19"), the mitigation steps taken to control its spread or changed consumer behavior. The unemployment rate was elevated at to 6.7% in December 2020, compared to the pre-pandemic level of 3.5% in February 2020, but has decreased from a peak of 14.8% in April 2020. While the impact of COVID-19 is very difficult to predict, the ultimate impact on the Company's business will depend on the length of the pandemic and speed of the economic recovery. The Company will continue to monitor developments and the potential financial impacts on its business. As of December 31. 2020, the Company had not experienced any significant financial impact resulting from COVID-19
