NOTES TO FINANCIAL STATEMENTS

Note 1. - Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The accompanying financial statements of the Enact Mortgage Reinsurance Corporation (the "Company") have been prepared on the basis of accounting practices prescribed by the North Carolina Department of Insurance ("NCDOI"). The state of North Carolina requires insurance companies domiciled in the state of North Carolina to prepare their statutory financial statements in accordance with the National Association of Insurance Commissioners' ("NAIC") Accounting Practices and Procedures Manual subject to any deviations prescribed or permitted by the NCDOI.

B. No significant change.

C. Accounting Policies

Loan-backed bonds and structured securities ("LBaSS") other than non-agency residential mortgage-backed securities are stated at amortized cost using the modified scientific method, except where NAIC designation has fallen to 3 or below and the fair value has fallen below amortized cost, in which case they are stated at fair value. Amortization of LBaSS is based on prepayment assumptions that are updated at least annually. Significant changes of estimated cash flows from original purchase assumptions are accounted for using the retrospective adjustment method for all such securities, except for securities for which the Company recorded other-than-temporary impairment charges. In such instances, the prospective method is used.

D. Going Concern

Based upon its evaluation of relevant conditions and events, management does not have substantial doubt about the Company's ability to continue as a going concern.

C. Other Disclosures

During the first quarter of 2022, the United States and global economies experienced new headwinds due to geopolitical uncertainty that increased global shortfalls in supplies of energy, food and raw materials. Combined with a renewed coronavirus pandemic ("COVID-19") outbreak in China and subsequent shutdowns across the country, inflationary pressures rose in the first quarter of 2022 with the Bureau of Labor Statistics reporting in March that the Consumer Price Index increased by over a percentage point to 8.5% yearover-year. As a result, the Federal Reserve has indicated a more aggressive approach towards addressing inflation through rate increases and a reduction of its balance sheet and approved an interest rate increase of 0.25% in March of 2022. Financial markets have reacted with increased volatility and rates have increased across the Treasury yield curve.

The unemployment rate has continued to decrease since the beginning of COVID-19 and was 3.6% in March 2022. Unemployment is relatively in line with the pre-COVID-19 level of 3.5% in February 2020, and has steadily decreased from a peak of 14.8% in April 2020. After the continued recovery in the first quarter of 2022, the number of unemployed Americans stands at approximately 6 million, which is 0.3 million higher than in February 2020. While the impact of COVID-19 is very difficult to predict, the ultimate impact on the Company's business will depend on the length of COVID-19 and speed of the economic recovery. The Company will continue to monitor developments and the potential financial impacts on its business. As of March 31, 2022, the Company had not experienced any significant financial impact resulting from COVID-19.
